SPECIALIST CARE AND REHABILITATION FOR NEUROLOGICAL CONDITIONS

WELCOME TO DEE VIEW COURT

At Dee View Court, we provide high-quality care and neurorehabilitation for adults with complex needs, helping them to regain or maintain their independence in a safe and supportive environment.

Situated in the South of Aberdeen, our home is bordered by greenery, with Kincorth Hill Nature Reserve to the east and Tollochill Wood to the west. Our peaceful location enjoys excellent transport links, and is close to all that the city has to offer.

Dee View Court offers a blend of expert clinical care and a warm, homely setting with 42 fully accessible en-suite rooms together with two supported living apartments on site.

THE PERFECT BLEND OF
COMFORT AND CARE

EXEMPLARY CARE & STRONG CONNECTIONS

Our wide range of facilities include a therapy suite, range of communal lounges, dining rooms and quieter areas to relax and spend time with loved ones, together with our well-maintained garden. Our onsite catering team provide fresh and nutritious meals and support all dietary needs.

Supporting our residents to live each day to the full is our passion. We provide a varied and meaningful therapy and activities programme and recognise the importance of real-world experiences to aid rehabilitation.

We are here for people with conditions that affect the brain and nervous system. These can be degenerative conditions which get worse over time – such as motor neurone disease (MND), Huntington's disease, multiple sclerosis (MS) and Parkinson's disease – as well as those with acquired conditions resulting from a brain injury

Our specialist services include goal-focused neurorehabilitation, assistive technology, and personalised therapy programmes to support each person's journey towards greater independence.

A WARM WELCOME AWAITS

Our expert team of healthcare professionals deliver personalised care that enhances quality of life, whether someone requires long-term residential care, rehabilitation, or supported living. We are here to provide compassionate, expert-led support every step of the way.

WE LOOK FORWARD
TO WELCOMING YOU.

RESIDENTS WILL BENEFIT FROM:

En-suite Bedrooms | On Site-Chefs
